Pioneer Days Grand Marshal 2026

Karen Daw

Karen was born in 1953 in Ashton, Idaho, and spent her early childhood in Tetonia before her family moved to St. Anthony when she was in the fourth grade. She graduated from South Fremont High School in 1972, where she met her high school sweetheart, Kevin Daw. Kevin was a year ahead of her in school, and the two were married in 1973.

Although Kevin had been accepted to veterinary school in Colorado, his love for farming led them to remain in Fremont County. Together they built a life farming approximately 500 acres of potatoes, grain, and hay near Wilford while raising their four daughters. Their dedication to agriculture and the local community was recognized in 2013 when Karen was named the Fremont County Farm Bureau Woman of the Year. Today, the Daw family continues to own 200 acres, a lasting connection to the land they have called home for more than five decades.

Karen has devoted much of her life to serving the youth of Fremont County. In 1980, she began driving school buses, first on the Sand Creek route and later on the Teton route. In 2000, she became the Fremont County School District Transportation Supervisor. Over the course of her remarkable 40-year career, Karen safely drove thousands of miles, transporting generations of students to school, athletic competitions, field trips, and countless other activities. She retired from the school district in the spring of 2019, leaving behind a legacy of dedication, reliability, and care.

Karen's commitment to public service did not end with retirement. In 2019, she accepted the volunteer position of secretary for the Fremont County Planning and Zoning Committee, where she continues to serve today.

Karen and Kevin shared 46 wonderful years together before Kevin passed away in 2019. Through life's joys and challenges, Karen has remained deeply rooted in her faith, family, and community. She is the proud mother of four daughters, grandmother of 14 grandchildren, and great-grandmother of four great-grandchildren, all of whom are a tremendous source of joy in her life.

When she isn't serving others, Karen enjoys quilting, which she describes as her therapy. She also loves preserving the harvest from her garden through canning and, more recently, freeze drying. While she modestly says she isn't much of a gardener, visitors to her home are greeted by beautiful flowers, each one holding a special meaning and memory.

Throughout the years, Karen has faithfully served in many church callings, including Primary chorister and Relief Society counselor. She currently serves as her ward's funeral director, a calling that brings her great satisfaction as she ministers to families during some of life's most difficult moments.

When asked about Fremont County, Karen simply says, "I wouldn't want to live anywhere else." Those words perfectly capture the spirit of a woman whose life has been defined by hard work, service, compassion, faith, and an unwavering love for her family and community.

Wayne Peebles

My father, Wayne Peebles was a cowboy in every sense of the word. He believed in hard work, keeping his word, and facing life's challenges with quiet strength. He didn't need or want the spotlight. His actions spoke louder than words. Always be the first one to help whenever needed.

He felt at home on the back of a good or even bad horse. He loved the rodeo and was so excited when it was that time of year. He loved working the chutes with his brother Todd. It was rare to get him excited but the rodeo was definitely one of the few things that would get him excited.

We will miss his steady presence, his fix anything persona, and the example of hard work he set. Though he is no longer with us, his legacy will live on through his family and friends. Rest easy, dad. We will carry your spirit with us wherever we go. This ride is for you!
